

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PRACTICE—COSTS.

124a. — Repeal of Prior Statutes relating to Costs — County Court — Admiralty Jurisdiction Act, 1868 (31 & 32 Vict. c. 71)—*Rules of Court, 1875, Order LV., rule 1.*] Sect. 9 of the County Courts Admiralty Jurisdiction Act, 1868, which enacts that persons taking proceedings in a superior Court, which they might under sect. 3 of that Act have taken in a County Court, shall not be entitled to costs, unless the Judge before whom the cause was tried shall certify that it was a proper cause to be tried in a superior Court, is inconsistent with and repealed by Order LV., rule 1, of the Rules of the Supreme Court, 1875. *TENANT v. RENT-CHARGE.

3. — Recovery of Rent-charge—Debt—*Rent-charge in Fee—Real Action*—3 & 4 Wm. 4, c. 27, s. 36.] Since the abolition of real actions by 3 & 4 Wm. 4, c. 27, s. 36, an action of debt will lie for the recovery of a rent-charge in fee.—Declaration, that the Plaintiff, being seised in fee of certain messuages, granted them by indenture to C., subject to the payment to the Plaintiff, his heirs and assigns, of a rent-charge, and C. covenanted to pay the rent-charge; that afterwards all the estate of C. vested in the Defendant, who did not pay the rent-charge:—*Held*, on demurrer, that the declaration was good: for that the reason why an action of debt would not formerly lie for a rent-charge in fee was, that there was a higher remedy by real action; but that higher remedy having been abolished by 3 & 4 Wm. 4, c. 27, s. 36, the present remedy by action of debt was maintainable. *THOMAS v. SYLVESTER* - - - 8 Q. B. 363

SCOTCH LAW—PARTNERSHIP.

1a. — Expiration of Term—*Business continued without fresh Articles—Operation of old Articles — Partnership-at-Will — Right of each Partner instantly to determine the Partnership.*] When the members of a mercantile firm continue

SCOTCH LAW—PARTNERSHIP—continued.

to trade as partners after the expiration of the term limited by the partnership articles, without making any new agreement, the original contract is prolonged by tacit consent, and all its conditions remain in force, except in so far as they are inconsistent with any implied term of the renewed contract. An implied term of such a new contract is that each partner has the right, when acting *bonâ fide* and not for the purpose of obtaining an undue advantage, instantly to determine the partnership.—A clause of a contract of copartnership provided, *inter alia*, that "If three months before the termination of this contract, the whole partners of the company shall not have agreed to carry on the business thereof, any one or more of them who may be desirous of retiring shall be entitled to do so, and shall immediately, on the completion of the balance after-mentioned, be paid out, by the partners electing to continue the business, his share in the concern, as the same shall be ascertained by a balance of the company's books, as at the termination of the contract to be completed, within not more than three months from said termination; . . . but if the whole partners wish, the property and assets of the copartnership shall be disposed of as follows:—It shall be competent for any one of the partners, by himself, or for any one or more of them together, to give in offers for the same as a going concern, . . . and the highest offerer is to be held to be the purchaser;" . . . and in case only one offer was made, the party making it was to be the purchaser, at such a price as should be mutually agreed, and in case no offer was made, then the said property and assets should be realized in such manner as should be mutually agreed upon, or as should be fixed by the arbiter named. The business was carried on after the term limited by the contract of copartnership had expired without any new agreement:—*Held*, reversing the decision of the Court below, that this clause had no longer any application; and that each partner was at liberty to determine the whole partnership whenever he thought proper. *NEILSON v. MOSSEND IRON COMPANY*
